

Big Beaver Falls School District

Here is a way you can take advantage of Free Comcast Internet if you are in range of anyone that has Comcast Internet:

Connecting to free XFINITYwifi hotspots (*Instructions from XFINITY Website*)

1. Visit xfinity.com/wifi or use the Xfinity WiFi Hotspots app to see a map of Xfinity WiFi hotspots. All open hotspots, both indoor and outdoor, will be displayed on the map in blue.
2. Once at a hotspot, customers and non-customers should select xfinitywifi from the list of available WiFi networks, and then launch a browser.
3. Non-Xfinity Internet customers can connect by clicking the Accept and Connect button. Non-Xfinity customers will be able to renew their complimentary sessions every 12 hours.
4. You should see the Accept and Connect button when attempting to access an Xfinity WiFi hotspot that has been opened. Below is an example of what the Accept and Connect button looks like. If you do not see this window, the Xfinity Hotspot is not open to the public and cannot be connected to.
